### Report On the Financial Statements

We have audited the accompanying financial statements of Lutheran Immigration and Refugee Service, Inc. (“LIRS”), which comprise the statement of financial position as of December 31, 2014, and the related statements of activities and changes in net assets and statement of cash flows for the year then ended, and the related notes to the financial statements.

### Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the equity-method investment in Lutheran Center Corporation which reflect assets constituting 19% of total assets as of December 31, 2014 and 2013, and 0% of total revenues for the years then ended. This amount was audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for LIRS, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to LIRS’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of LIRS’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lutheran Immigration and Refugee Service, Inc. as of December 31, 2014, and the statements of activities and changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

##### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards for the year ended December 31, 2014, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

##### *Report On 2013 Summarized Comparative Information*

We have previously audited LIRS's 2013 financial statements (not presented herein), and an unmodified audit opinion was expressed on those audited financial statements in the report dated May 6, 2014. In our opinion, the accompanying summarized comparative information as of and for the year ended December 31, 2013 is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### **Other Reporting Required By Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report, dated May 26, 2015, on our consideration of LIRS's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering LIRS's internal control over financial reporting and compliance.

### NOTE A—ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

#### *Organization and Purpose*

Lutheran Immigration and Refugee Service, Inc. (“LIRS”) is incorporated pursuant to the provisions of the Maryland Non-profit Corporation Act.

Witnessing to God’s love for all people, the mission of LIRS is to stand with and advocate for migrants and refugees, transforming communities through ministries of service and justice.

#### *Accounting Estimates*

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### *Concentration of Credit Risk*

LIRS occasionally maintains deposits in excess of federally insured limits. Accounting Standards Codification (“ASC”) 825, “*Financial Instruments*” identifies these items as a concentration of credit risk requiring disclosure, regardless of the degree of risk. The risk is managed by monitoring the financial institutions in which deposits are made. As of December 31, 2014, balances held in accounts in excess of the FDIC insurable limit were \$6,357,853. Management does not consider this to be a significant credit risk.

#### *Investments*

Accounting Standards Codification (“ASC”) 958, “*Not-for-profit Entities*” establishes standards for accounting for certain investments held by not-for-profit organizations and requires that investments in securities be recorded at fair market value with the resulting gains and losses reported in the statement of activities.

The fair market value of investments traded on a securities exchange is determined based on quoted market prices for those investments.

As part of its investment policy, LIRS is prohibited from investing in specific companies as identified by the two primary supporting Church bodies and to the extent such prohibitions are communicated to LIRS.

### NOTE A—ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES— Continued

#### ***Fixed Assets***

Fixed assets purchased by LIRS are recorded at cost, or if donated, at fair market value on the date of donation. LIRS follows the practice of capitalizing all expenditures for fixed assets over \$5,000. Depreciation on furniture, equipment and buildings is computed on the straight-line method over the estimated useful life of the asset 3 to 30 years. Leasehold improvements are amortized over the shorter of the improvements life or the remaining lease term.

#### ***Net Assets***

LIRS's net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- ***Unrestricted Net Assets*** – Net assets that are not subject to donor-imposed stipulations. As reflected in the accompanying statements of financial position, LIRS's Board of Directors has designated a portion of the unrestricted net assets of LIRS as a board designated fund.
- ***Temporarily Restricted Net Assets*** – Net assets subject to donor-imposed stipulations that may or will be met either by actions of LIRS and/or the passage of time.

#### ***Contributions***

LIRS reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. Contributions of assets are recorded at fair value. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are classified to unrestricted net assets and reported in the statement of activities as "*net assets released from restrictions*".

#### ***U.S. Government Awards***

LIRS receives grant awards from the U.S. Government for the resettlement of and other services to refugees and to other migrants in federal custody. LIRS records revenues under these awards as expenses are incurred.

## NOTE A—ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES— Continued

### *Allocation of Expenses*

The expenses for staff personnel, facilities and related costs incurred in the operations are allocated to the various programs and contracts based on the level of effort in the respective programs.

### *Debt*

LIRS adopted the guidance in ASU 2013-04, *Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date*, which requires an entity to measure obligations resulting from joint and several liability arrangements as the amount the reporting entity agreed to pay on the basis of its arrangement among its co-obligors. The adoption of ASU 2013-04 did not have a material effect on the financial statements.

### *Income Taxes*

LIRS has been granted exemption from federal income tax under Section 501(c)(3) of the Internal Revenue Code (the “Code”), and has been classified as an organization, which is not a private foundation under Section 509(a) of the Code.

LIRS recognizes or derecognizes tax positions on a “more likely than not” threshold. This applies to positions taken or expected to be taken in a tax return. LIRS has reviewed the tax positions taken for each of the open tax years (2011 - 2013) or expected to be taken in LIRS’s 2014 tax return and has concluded it has no material uncertain tax positions. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

LIRS follows the accounting guidance that creates a single model to address uncertainty in tax positions and clarifies accounting for income taxes by prescribing the minimum recognition threshold a tax position is required to meet before being recognized in its financial statements. Under the requirements of this guidance, organizations could now be required to record an obligation as the result of tax positions they have historically taken on various tax exposure items. LIRS is not required to record such an obligation.

### *Prior Year Information*

The financial statements include certain prior-year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the LIRS's audited financial statements for the year ended December 31, 2013, from which the summarized information was derived.

### NOTE B—INVESTMENTS—Continued

Investment earnings for the years ended December 31, 2014 and 2013 are comprised of the following:

	2014	2013
Interest and dividends	\$ 8,996	\$ 6,268
Realized (loss)	(96)	—
Unrealized (loss) gain	(368)	4,046
Investment fees	(464)	(432)
	<u>\$ 8,068</u>	<u>\$ 9,882</u>

The following describes the hierarchy of inputs used to measure market value and the primary valuation methodologies used by LIRS for investments measured at market value on a recurring basis. An investment's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the market value measurement. The three levels of inputs are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities. Market price data is generally obtained from exchange or dealer markets.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the same term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers, and brokers.

Level 3 - Pricing inputs are unobservable and include situations where there is little, if any, market activity for the investment.

The methods described above may produce a market value calculation that may not be indicative of net realizable value or reflective of future market values. Furthermore, LIRS believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the market value of certain investments could result in a different estimate of market value.

### **NOTE D—INVESTMENT IN LUTHERAN CENTER CORPORATION**

LIRS occupies approximately 57% of the office space and common space in the Lutheran Center owned by Lutheran Center Corporation (“LCC”). LCC, a non-profit organization, was organized to construct and operate the office building which LIRS and Lutheran World Relief (“LWR”) occupy. LIRS has a 50% interest in LCC and as such, carries its investment in LCC on the equity method. LIRS and LWR provide monthly payments to LCC under a partial cost sharing agreement which provides for reimbursement of costs, including interest and depreciation, in operating the building based upon space occupied. The agreement is for 30 years commencing September 1, 1999 through August 31, 2029 with six renewal options of 10 years each.

For the years ended December 31, 2014 and 2013, LIRS has recorded occupancy expense of, approximately \$776,000 and \$787,000 respectively, based upon its proportionate share of LCC’s costs. Since LIRS has previously provided equity investments in LCC, any gain (loss) realized by LCC will increase (decrease) LIRS’ equity in LCC. At December 31, 2014 and 2013, LIRS’ equity in LCC was \$3,669,353 and \$3,670,839, respectively. At December 31, 2014, LCC assets consisted principally of the building. The building is subject to a ground lease which provides for LCC to pay rent of \$1 per year for the 50 years beginning in 1999, with four optional ten-year extensions.

### **NOTE E—DEBT**

On July 26, 2007, LIRS and LWR borrowed \$5,805,000 through the issuance of Economic Development Revenue Bonds, Series 2007, (“2007 Bonds”) through the Maryland Economic Development Corporation. The 2007 Bonds were issued to advance refund the Maryland Economic Development Revenue Bonds, Series 2000 (“2000 Bonds”) issued by the Maryland Economic Development Corporation. Proceeds of the 2007 Bonds were used to pay a portion of the issuance costs of the 2007 Bonds. LIRS and LWR are jointly and severally liable for the 2007 Bonds and as such, each has recorded 50% of the outstanding debt and related issue costs. In the event that either organization is unable to pay off their portion of the outstanding debt, the other organization will be liable. LCC, as owner of the Lutheran Center building, has guaranteed the repayment of the debt. LIRS and LWR must maintain a joint leverage ratio (cash and investments to annual debt service) of 5 to 1 or approximately \$2,250,000 in required cash and investments. As of December 31, 2014, the covenant was met.

### NOTE E—DEBT—Continued

The 2007 Bonds, bearing interest at 5.25% per annum, were issued as Serial Bonds maturing April 1 in the years 2008 through 2029 and have annual mandatory sinking fund provisions which began in 2008. Deferred loan costs in the amount of \$226,212 were incurred in connection with the issuance of the 2007 Bonds. LIRS capitalized 50% of these costs which are being amortized on a straight-line basis over the life of the bonds. Long-term debt on the 2007 Bonds at December 31, 2014 and 2013 is shown on the statement of financial position including unamortized bond premium of \$43,915 and \$47,230, respectively.

In conjunction with the issuance of the 2007 Bonds, a Debt Service Reserve Fund was created in the amount of \$449,138. LIRS has recorded 50% of these funds as Funds held by Trustee. Funds in the Debt Service Reserve Fund may be withdrawn by the Trustee to make the principal or interest payments of the 2007 Bonds in the event that the other funds available for the purpose are inadequate. The Debt Service Reserve Fund balance at December 31, 2014 and 2013 was \$229,480 and \$244,349, respectively.

Principal payments under the terms of the 2007 Bond indenture are as follows:

	<b>LWR Portion</b>	<b>LIRS Portion</b>	<b>Total</b>
2015	\$ 102,500	\$ 102,500	\$ 205,000
2016	107,500	107,500	215,000
2017	112,500	112,500	225,000

Board of Directors  
Lutheran Immigration and Refugee Service

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Lutheran Immigration and Refugee Service, Inc. (“LIRS”) which comprise the statement of financial position as of December 31, 2014, and the related statements of activities and changes in net assets and statement of cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 26, 2015.

Our report includes a reference to other auditors who audited the equity-method investment in Lutheran Center Corporation, as described in our report on LIRS’s financial statements. This report does not include the results of the other auditors’ testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered LIRS’s internal control over financial reporting (“internal control”) to design audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we do not express an opinion on the effectiveness of LIRS’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of LIRS’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any

deficiencies in LIRS's internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether LIRS's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Intended Purpose**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of LIRS's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering LIRS's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**Report On Compliance for Each Major Federal Program**

We have audited the compliance of Lutheran Immigration and Refugee Services, Inc. (“LIRS”) with the types of compliance requirements described in the U.S. Office of Management and Budget’s *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014. LIRS’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

**Management’s Responsibility**

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to LIRS’s federal programs.

**Auditor’s Responsibility**

Our responsibility is to express an opinion on compliance for each of LIRS’s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.

The above-mentioned standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about LIRS’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of LIRS’s compliance.

**Opinion on Each Major Federal Program**

In our opinion, LIRS complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014.

**Instances of noncompliance**

The results of our audit procedures disclosed one instance of noncompliance, described in the accompanying schedule of findings and questioned costs as item 2014-001 that is required to be reported in accordance with OMB Circular A-133. Our opinion on each major federal program is not modified with respect to this matter.

#### LIRS's response to the finding

LIRS's response to our noncompliance finding, which is described in the accompanying schedule of findings and questioned costs, was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the LIRS's response.

#### Report On Internal Control over Compliance

Management of LIRS is responsible for designing, implementing, and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered LIRS's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal program to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of LIRS's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in LIRS's internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We identified a deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2014-001 that we consider to be a significant deficiency in LIRS's internal control over compliance.

LIRS's response to our finding on internal control over compliance, which is described in the accompanying schedule of findings and questioned costs, was not subjected to the auditing procedures applied in the audit of compliance, and accordingly, we express no opinion on the LIRS's response.

The purpose of this Report on Internal Control Over Compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

---

### **Finding 2014-001 – Reporting**

**Program:** Office of Refugee Resettlement Unaccompanied Alien Children Program  
Alien Unaccompanied Minors, FY 2014

**Criteria:** In accordance with the Federal Funding Accountability and Transparency Act (“FFATA”), for newly awarded non-ARRA funded prime contracts under which first-tier subcontracts of \$25,000 or more are awarded, certain key data elements related to those subcontract agreements must be reported in the Federal Funding Accountability and Transparency Act Subaward Reporting System (“FSRS”), no later than the last day of the following month in which the subcontract award/modification was made.

**Condition:** We noted instances where management either had not submitted information within the required timeframe or that the FFATA report submission receipt did not include evidence of the date submitted or contract number.

**Questioned Costs:** None noted.

**Context:** We selected a sample of ten subcontracts for testing the organization’s compliance with FFATA. For six of the reports tested, the FFATA information was not submitted within the required timeframe. In addition, no evidence of the date submitted could be provided for one of the contacts selected for testing.

**Effect:** The organization did not comply, or we were unable to verify compliance, with all of the reporting requirements under FFATA for subcontracts under which they were required to report.

**Cause:** The organization has a process whereby the Director of Grants monitors contracts containing FFATA clauses. When above the required dollar threshold of \$25,000 or more, subcontract information is gathered and required data is input into the FSRS database. However, for six of the ten total contracts selected for testing, steps were not taken to ensure the FFATA information was submitted on a timely basis. In addition, no evidence of the date submitted could be provided for one of the contracts selected for testing.

### Schedule of Findings and Questioned Costs—Continued

*Year ended December 31, 2014*

#### **Finding 2014-001 – Reporting—Continued**

***Recommendation:*** We recommend management institute a regular monthly process whereby it is verified that all subcontracts subject to FFATA reporting within the last thirty days have been entered into FSRS. In addition, when printing FFATA report submission receipts or evidence of “good faith effort” being expended to enter the required information, individuals responsible for the submission should ensure the printed receipt contains both the contract number and the date of the submission.

***Views of responsible officials and planned corrective actions:*** LIRS will enhance its procedure for FFATA reporting to require monthly written approval of the award spreadsheets tracking the amount of subgrants by contractor and the printed receipt proving a timely submission by the supervisor of LIRS employee responsible for preparing and submitting the reports. In addition, to enable timely reporting in cases where a subcontractor's award may exceed \$25,000, LIRS will not issue a sub-award until a valid DUNS number is submitted by all subcontractors.
